

Spring Time...

Claire Fecher did a beautiful demonstration of weaving and flower making using ribbons. She made some amazing arrangements and flowers that could be very easily identified just from florists' ribbons. She also showed how weaving ribbons could be used to make some attractive cushions and very striking waistcoats. We had two lovely spring flower arrangements from Maxine Knight and Sarah Bourne; Sarah's reflecting the colours of the Ukrainian national flag.

The book club is currently reading *Three Things About Elsie* by Joanna Cannon.
